COMMERCIAL WINDOWS & ROLLER SHUTTERS

COMMERCIAL WINDOWS, SHOPFRONTS, DOORS AND ROLLER SHUTTERS

What We Offer

Shopfront Group offers a complete service from initial consultation through to manufacture, installation and maintenance.

We offer a design, fabrication, installation and repair package for shopfitters, businesses and architects which are custom made to client specifications.

OVER 30 YEARS EXPERIENCE IN THE MANUFACTURE AND INSTALLATION OF ALUMINIUM AND GLASS SHOPFRONTS.

Modern fresh designs that lead the way.

With our manufacturing facility in the heart of Manchester, the Shopfront Group can easily service customers the length and breadth of the UK.

Leading the way in modern and contemporary shopfront designs, we strive to fabricate and install stunning new facades which will impress and entice new customers and clientele to your business.

We work with leading UK and European window system designers that lead the field in quality and innovation exceeding building and environmental requirements where energy conservation matters.

If glass is of interest then we can source and install all types of glazing and safety glass, including laminated safety glass, toughened glass, fire resistant glass, anti-bandit glass, and double glazed units with an Argon gas filled void and a special heat reflective Low-E coating.

We work with some of the UK's most innovative glass manufacturers to ensure your specification meets all your requirements in terms of structural integrity, safety and energy efficiency.

Where human impact is a concern, all safety glass installations comply with BS6206:1981 now BS EN12600 (impact testing of safety glass)

When it comes to aluminium and glass know how, the Shopfront Group has the experience to ensure your project meets and exceeds expectations.

ROLLER SHUTTERS & SECURITY. DESIGNED, MANUFACTURED & INSTALLED BY SHOPFRONT GROUP

SECURITY BY DESIGN.

Our security shutters are custom made in house to the highest standard and can be coloured or finished to suit your building or business.

Because we manufacture all of our own roller shutters this allows us to personally inspect and test all of the products that we deliver to you and guarantees that we can deliver only the highest possible quality security shutters and doors.

A free survey and advice service also comes as standard giving you the peace of mind you expect.

We also supply and install steel security doors that can be specified as emergency exits, all to suit your individual requirements.

And, because we have our own in-house powder coating facility, we can supply or match any colour to suit your taste or branding.

This is all backed up by our maintenance division who are on hand to deal with any issues or damage that may occur throughout the long life of our products.

Get in touch today and see how the Shopfront Group can help your business.
